

Crystal City Potomac Yard Transitway Project
Stakeholder Meeting Group Discussion

1. What level of investment should be made in the transit stations/stops in Crystal City?

Consider near term redevelopment

Consider 'permanence' vs. 'relocatability'

Consider potential features:

Canopy or shelter	Public art
Landscaping	Heating
Passenger information systems	Seating
Bicycle parking	Others?

2. What criteria should be used to determine the specific location of the transit stations/stops in Crystal City?

Space Requirements	Potential Environmental Impacts
Compatible Adjacent Uses	Utilities
Multimodal Connections	Safety
Transitway Operations	Cost
Traffic Operations	Others?
Compatibility with Future Streetcar	

3. Are there specific issues we need to be made aware of?

Historic Districts	Community Disruption
National or Virginia Register	Hazardous Materials
Archaeological Resources	Others?
Public Parklands/Recreation
